

a very special place

The Harrington Grove Country Club is a stunning \$25 million architect designed venue set to introduce to the area an unprecedented level of style and sophistication in dining, recreation and leisure

HARRINGTON GROVE COUNTRY CLUB, a \$25 million dollar award winning residential estate in South West Sydney, is set to open its doors this summer. There has been an overwhelming response to Harrington Estate's newest project Harrington Grove. This is a highly anticipated lifestyle development featuring large homesites from 800sqm. As the majority of the site has been preserved as natural bushland, the homesites are nestled amongst a gorgeous and largely unspoiled bushland setting. First home sites ready for release soon.

Located amidst the home sites at Harrington Grove The Country Club will be a fabulous place to enjoy a light lunch or catch up with friends and neighbours over a drink or dinner. It will also feature an amazing new amphitheatre for outdoor concerts and events

The Country Club features elegant interiors with stunning jarrah and blue stone walls and state of the art fittings and inclusions. Luxurious lounges and cosy fireplaces are juxtaposed with soaring ceilings and expansive walls of glass to create a breathtaking retreat to sit around, relax and enjoy the views.

The Country Club offers an impressive range of recreation facilities including four tennis courts, a 25 metre swimming pool and a modern well equipped fitness centre with state of the art equipment, for the exclusive use of Harrington Grove residents.

The sheer size of the homesites will create a sense of privacy and space with an almost rural ambience. The result is a great combination of bushland privacy and community interaction. Harrington Grove residents will be amongst the first in Australia to enjoy the latest communications technology. Harrington Grove is a Telstra Smart Community offering state of the art communications technology with speeds typically 50 times faster than normal via Telstra Velocity fibre optic network.

At Harrington Grove residents will enjoy the sense of space and privacy yet appreciate the convenience of being accessible to a selection of schools, restaurants, health care facilities, shopping centres and cinemas in the area.

Register your interest today – the public launch will be on Saturday 11 October 2008.
